Report of Independent Certified Public Accountants

To the Board of Directors of DFPG Investments, Inc.
406 West South Jordan Parkway, Suite 240
South Jordan, Utah 84095

We have audited the accompanying statement of financial condition of DFPG Investments, Inc. as of December 31, 2011 and the related statements of operations, stockholders' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the December 31, 2011 financial statements referred to above present fairly, in all material respects, the financial position of DFPG Investments, Inc. as of December 31, 2011, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained in the attached schedules required by Rule 17a-5 under the Securities Exchange Act of 1934 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

DFPG INVESTMENTS, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

Note 1 – Organization and Description of Business

General

DFPG INVESTMENTS, INC. (“Company”) was incorporated in the state of Utah on October 13, 2010 for the purpose of providing brokerage services and is registered to engage in the securities business as a broker-dealer in 32 states under the Securities Exchange Act of 1933, as amended. The Company is a member of the Financial Industry Regulatory Authority, Inc. (“FINRA”), the Securities Investor Protection Corporation, and is registered with the United States Securities & Exchange Commission (“SEC”).

The Company is primarily engaged in the business of securities investments with the general public.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation and Use of Estimates

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America. In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Management believes that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual results could differ from those estimates.

Recognition of Revenues and Expenses

Revenues and expenses from all securities transactions are recorded on the trade date, which is the date the transaction is executed.

Cash and Cash Equivalents

For purposes of the statement of changes in financial position, the Company considers all highly liquid financial instruments purchased with a maturity of three months or less to be cash equivalents. Cash consists of bank deposits with two FDIC-insured institutions in 2011. At December 31, 2011, the Company had no cash in excess of FDIC limits.

Accounts Receivable

Accounts receivable are amounts due for expenses paid by the Company on behalf of other parties. The Company regularly reviews its accounts receivable balances and makes provisions for potentially uncollectible balances. At December 31, 2011, management did not believe any provision against accounts receivable was necessary, due to the recent aging status of all receivables.

Office Equipment

Office equipment is carried at cost. Maintenance, repairs, and minor renewals are expensed as incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the equipment,

which range between three and seven years. Depreciation expense for the year ended December 31, 2011 was \$122.

Rent Expense

The Company's rent expense for its office space was \$9,000 for the year ended December 31, 2011.

Income Taxes

The Company, with the consent of its shareholders, has elected under the Internal Revenue Code to be an S corporation. In lieu of corporate income taxes, the shareholders of an S corporation are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in the financial statements.

The Company follows the provisions of the Accounting for Uncertainty in Income Taxes section of the Income Taxes Topic of the FASB Accounting Standards Codification. For 2011, management has determined that there are no material uncertain income tax positions. The Company is subject to federal, state and local income tax examinations by tax authorities since their incorporation on October 13, 2010.

Financial Instruments

Financial instruments include accounts receivable, prepaid expenses, other assets, accrued liabilities and accounts payable. Management estimates that the carrying amount of these financial instruments represents their fair values, which was determined by their near term nature or by comparable financial instruments' market value.

Recent Accounting Pronouncements

In February 2010, the FASB adopted guidance relating to disclosure of subsequent events, which was effective upon issuance. As a result, the Company is required to evaluate subsequent events through the date that the financial statements are issued. The adoption of this guidance did not have a material impact on the Company's financial statements. We have evaluated subsequent events after the balance sheet date of December 31, 2011 through the time of filing with the Securities and Exchange Commission (SEC) on February 29, 2012 which is the date the financial statements were issued. During this period, the Company was not aware of any material recognizable subsequent events.

In January 2010, the FASB issued guidance requiring that for each class of assets and liabilities measured at fair value, reporting entities provide additional disclosures describing the reasons for transfers of assets in and out of Levels 1 and 2 of the three-tier fair value hierarchy. For assets valued using the Level 3 method, entities will be required to separately present purchases, sales, issuances, and settlements in the reconciliation for fair value measurements. The guidance also states that an entity should provide fair value measurements for each class of asset or liability, and explain the inputs and techniques used in calculating Levels 2 and 3 fair value measurements. This guidance is effective for interim and annual filings for fiscal years beginning after December 15, 2010. The Company expects the adoption of this guidance to not have material impact on the financial statements.

In June 2009, the FASB issued accounting guidance on the consolidation of variable interest entities (VIEs). This new guidance revises previous guidance by eliminating the exemption for qualifying special purpose entities, by establishing a new approach for determining who should consolidate a variable-interest entity and by changing when it is necessary to reassess who should consolidate a variable-interest entity. This guidance was effective at the beginning of the first fiscal year beginning after November 15, 2009. Early application was not permitted. The adoption of this guidance did not have a material impact on the Company's financial statements.

Other accounting standards that have been issued or proposed by the FASB or other standards-setting bodies that do not require adoption until a future date are not expected to have a material impact on the Company's financial statements upon adoption.

Note 3 – Related Party Transactions

During 2011, DFIG Investments, Inc. effected securities transactions at several of its branch office locations. One such branch office was Diversified Financial Planning, Inc. located in South Jordan, Utah. The owners of this branch office location also hold an ownership position in DFIG Investments, Inc.

Note 4 – Lease Commitments

The Company entered into a sublease agreement for office space with Diversified Financial Planning, Inc., a related party (see Note 3), in July 2011. The lease requires monthly payments of \$1,800 through March 31, 2014. At December 31, 2011, the future minimum lease payments under the lease are as follows:

2012	\$21,600
2013	21,600
2014	5,400
Thereafter	-

Note 5 – Concentrations of Risk

The Company is engaged in the business of providing broker services. Substantially all income is derived from commissions earned on sales of investment securities. Commission income can vary due to fluctuations in the volume of transactions, the dollar value of transactions, and the frequency of transactions, all of which are generally beyond the control of the Company. The Company's revenues are impacted by global, national, regional and local economic forces and trends. Additionally, the Company is dependent on the sales efforts of a small number of brokers. Changes in sales activities by brokers could impact the Company. Investing activities by a customer or group of customers could also affect the Company as well as changes in the types of investment products purchased by customers and investment companies that pay commission income.

The following represents concentrations in revenue for the year ended December 31, 2011:

	<u>2011</u>
Revenue from the sale of investment company shares	52%
Commissions	43%
Other	5%

Note 6 – Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1).

At December 31, 2011, the Company had net capital of \$57,078, which was \$50,694 in excess of its required net capital of \$6,384. The Company's ratio of aggregate indebtedness to net capital is 1.68 to 1 or 167.78%.

Ratio of aggregate indebtedness to net capital	<u><u>1.68</u></u>

Reconciliation with Company's computation included in Part II of Form X-17a-5:

A reconciliation of the Company's computation of net capital as reported was not prepared as there are no material difference between the Company's computation of net capital included in its unaudited Form X-17A-5 Part II and the computation contained herein.

Certified Public Accountants (a professional corporation)
1785 West Printers Row Salt Lake City, Utah 84119 (801) 972-4800 Fax (801) 972-8941

**Report of Independent Certified Public Accountants' on Internal Control
Required by SEC Rule 17a-5(g)(1) for a Broker-Dealer
Claiming an Exemption From SEC Rule 15c3-3**

To the Board of Directors of DFPG Investments, Inc.
406 West South Jordan Parkway, Suite 240
South Jordan, Utah 84095

In planning and performing our audit of the financial statements of DFPG Investments, Inc. for the year ended December 31, 2011, we considered its internal control structure including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses or significant deficiencies, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Haynie & Co.

**Independent Accountants' Report on Applying Agreed-Upon Procedures Related to an
Entity's SIPC Assessment Reconciliation**

To the Board of Directors of DFPG Investments, Inc.
406 West South Jordan Parkway, Suite 240
South Jordan, Utah 84095

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2011, which were agreed to by DFPG Investments, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and the SIPC, solely to assist you and the other specified parties in evaluating DFPG Investments, Inc.'s compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). DFPG Investments, Inc.'s management is responsible for the DFPG Investments, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1) Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries noting no differences;
- 2) Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2011, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2011, noting the following difference:
 - a) The amounts reported in the audited statement of operations include \$1,842 of expenses incurred by the Company during the time period January 1, 2011 through May 24, 2011, which was prior to the Company registering as a broker dealer and prior to the filing of their first unaudited X-17A-5 Part II FOCUS report.
- 3) Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences;
- 4) Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences;

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

Haynie & Co.
